University of Rijeka, Rijeka, Croatia

PROGRAM

Thursday, September 29th

08:00-16:00

Registration

Ground floor

09:30-10:15

AAPC16 Opening Ceremony

Room: 006

10:15-11:15

Invited Speech

Room: 006

The credibility of psychological science at stake: Lessons to be learned from low reproducibility of psychological studies

Valentin Bucik

Chair: Anja Podlesek

11:30-12:45

Psychometrics

Room: 106

Chair: Vladimir Takšić

On the convergence of ability-based and rating measures of emotional intelligence

Amela Mujagić, Vesna Buško, Ana Babić Čikeš

Using item response theory to validate a clinical instrument: The case of PTSD checklist-5

Helena Bakić, Mitja Ružojčić, Blaž Rebernjak

Emotional skills and competence questionnaire in cross-cultural studies

Vladimir Takšić, Tamara Mohorić, Bo Molander, Stefan Holmström

An index for ascertaining consistency to a Likert scale

Giovanni Battista Flebus

Studyholism or study addiction? Psychometric properties of the studyholism inventory (SI)

Yura Loscalzo, Marco Giannini, Krystyna Golonka

11:30-12:30

Symposium: Child Well-Being

Room: 107

Chair: Sanja Tatalović Vorkapić

Structural dimensions of the culture of the institution of early education: Ensuring the well-being of child

Lidija Vujičić, Akvilina Čamber Tambolaš

Effects of estimated competencies and expectations in work with children with disabilities on the quality of teacher-child relationship

Milana Rajić, Ivana Mihić

Neurofeedback as a tool for enhancing children's well-being

Draženka Šepić Labrović, Sanja Tatalović Vorkapić

Assessment of preschool capacities for work with children from social welfare system

Milana Rajić, Ivana Mihić, Gordana Jandrić

14:30-15:30

Invited Speech

Room: 006

To understand intergroup relations: the socially embedded self and other in play

Sara Bigazzi

Chair: Andrés Láng

15:45-17:15

Developmental Psychology

Room: 106

Chair: Sanja Smojver-Ažić

The association between challenging behavior and certain functional characteristics of children with cerebral palsy

Milena Milićević, Sanela Pacić

The relationship between fear of death and fear of darkness among adolescents

Krisztina Kopcsó

The refugee children drawings as indicators of trauma

Jelena Sokić, Dušanka Đurović

Emotional development in the context of childhood temperament, family dynamics and mothers's emotional capacities

Kata Lénárd, Linda Alföldi, Tímea Kiss, Beatrix Lábadi

Self-esteem and empathy among students of secondary schools in Belgrade

Marija Jovanović, Lidija Bukvić, Branislava Popović-Čitić

The link between self-esteem and emotional and behavioral difficulties of secondary school students in Belgrade

Branislava Popović-Čitić, Lidija Bukvić, Marija Jovanović

15:45-17:15

Room: 107

Clinical and Applied PsychologyChair: *Alessandra Pokrajac-Bulian***Causal attributions of illness in patients with cardiovascular disease***Alessandra Pokrajac-Bulian, Neala Ambrosi-Randić***The power of abjection: postpartum depression from a psychoanalytic point of view***Agnes Hortobagyi***Social pressure and eating disorder symptoms in athletes: the importance of self-criticism and social appearance anxiety***Josipa Vukman, Alessandra Pokrajac-Bulian, Zrinka Greblo Jurakić***Do family environmental factors predict parental and child health outcomes over 10 years?***Heather Foran***What are the benefits of high-quality supervision? The results of the SUPER PSYCHOLOGIST project***Anja Podlesek, Sonja Bučar, Katarina Kocbek, Vlasta Zabukovec, Vita Poštuvan, Mateja Štirn, Per A. Straumsheim***Predicting posttraumatic stress after a natural disaster: The role of individual resilience, perceived social support and psychological resource loss***Helena Bakić, Dean Ajduković*

17:30-18:30

Room: 006

Invited Speech**Novel contributions of Anderson's theory of information integration to intuitive physics***Sergio C. Masin*Chair: *Tiziano Agostini*

18:30-20:00

First floor

Poster Session 1**1.1. Uncanny Valley: social distance and social anxiety***Marija Cmijanović, Sunčica Zdravković***1.2. Effect of anxiety on interpretation and judgmental biases***Emilija Drobnjaković, Bojana Dinić***1.3. Mirror, mirror on the wall...: Can the use of mirror enhance behavioral differences between liars and truth tellers?***Nataša Juničić***1.4. Development of the cognitive and metacognitive learning strategies questionnaire***Sonja Pečjak, Cirila Peklaj, Tina Pirc***1.5. Cognitive consequences of bilingualism***Rebeka Jávora***1.6. The effect of acoustic signals on spatial distribution of attention during free and task-guided scanning***Orsolya Inhóf***1.7. An auditory illusion of numerosity***Valter Prpic, Giulia Boschetti, Riccardo Luccio***1.8. Figural goodness and spatial composition***György Révész, László Séra***1.9. Pupil diameter and mental workload in visual search***Anna Conci, Merim Bilalić***1.10. The burden of knowledge – mental set in word-puzzle task***Mario Graf, Merim Bilalić***1.11. Early auditory information is more effective than the visual one to predict ball speed in sport***Fabrizio Sors, Mauro Murgia, Sara Di Qual, Tiziano Agostini***1.12. The perception of domestic water consumption***Ilaria Santoro, Linda Orzan, Tiziano Agostini***1.13. Walking reduces the gap between encoding and sensorimotor alignment effects in spatial updating of described environments***Ilaria Santoro, Mauro Murgia, Fabrizio Sors, Tiziano Agostini***1.14. Watch out: an approaching right-hander is coming!***Gianluca Malatesta, Daniele Marzoli, Pasquale La Malva, Chiara Lucafò, Luca Tommasi***1.15. Hemispheric asymmetries for face gender categorization in the disconnected brain***Giulia Prete, Mara Fabri, Nicoletta Foschi, Luca Tommasi***1.16. Age and gender differences in food image evaluation***Caterina Padulo, Leonardo Carlucci, Valerio Manippa, Daniele Marzoli, Aristide Saggino, Luca Tommasi, Stefano Puglisi-Allegra, Alfredo Brancucci*

- 1.17. Contextual effect on domestic chicks' short - and long - term habituation of freezing to a sudden acoustic stimulus**
Cinzia Chiandetti, Massimo Turatto
- 1.18. Hemispheric asymmetries in food-stimuli perception**
Valerio Manippa, Caterina Padulo, Alfredo Brancucci, Luca Tommasi
- 1.19. Facial symmetry and health: A meta-analysis**
Domagoj Švegar, Nermina Mehić
- 1.20. Hemispheric asymmetries for reading in the seven music clefs**
Anita D'Anselmo, Felice Giuliani, Federica Campopiano, Emanuele Carta, Luca Tommasi, Alfredo Brancucci
- 1.21. Are there judgmental biases in anxiety and aggressiveness?**
Bojana Dinić, Jelena Radanović, Emilija Drobnjaković

20:00 Welcome Reception

Ground floor

Friday, September 30th

9:00-10:00

Room: 006

Symposium on Metacognition: Keynote Speech
Meta-reasoning: The challenge of Effective Reasoning Regulation
Rakefet Ackerman
Chair: *Igor Bajšanski*

10:15-12:20

Room: 106

Symposium on Metacognition
Chair: *Igor Bajšanski*

The influence of prior knowledge on category learning and metacognitive monitoring

Valnea Žauhar, Igor Bajšanski, Dražen Domijan

Determinants of confidence judgments in syllogistic reasoning

Igor Bajšanski, Valnea Žauhar

Conflict and metacognitive judgments as predictors of analytic engagement

Maja Močibob, Igor Bajšanski

Conflict with conjunctions: Metacognition and response times in the Linda problem

Pavle Valerjev, Marin Dujmović

Mental events in language and thought

Szabolcs Kiss

The relationship between the performance and assessment of L2 knowledge in ESL students

Tanja Gulan, Dražen Domijan

Facilitating conceptual change in students' understanding of operant conditioning principles: The role of individual and cooperative learning

Svjetlana Kolić-Vehovec, Rosanda Pahljina-Reinić, Barbara Rončević Zubković

Metacognitive constructs in treatment of depressive symptoms

Fani Bašić

12:45-13:45

Room: 006

Symposium on Metacognition: Keynote Speech
Is metacognition “hot”? The role of affect in metacognition and self-regulated learning

Anastasia Efklides

Chair: *Svjetlana Kolić-Vehovec*

10:15-11:15

Room: 107

Organizational Psychology

Chair: *Zoran Sušanj*

Increase of psychical demands at the work places in nursing

Marija Molan, Martin Molan

Do the leaders' feelings count too? On the way of recognizing the relationship between leaders' felt trust and team effectiveness evaluation

Zoran Sušanj, Ana Jakopec

The role of fair treatment and work engagement in altering and hindering clients' (un)desirable behaviors: The academia context

Ana Jakopec, Zoran Sušanj, Anja Kit, Ana Margaretić, Tamara Gazdek

Individual and group achievement in creative business problem solving

Mirosava Đurišić-Bojanović

11:20-12:35

Room: 107

Political and Evolutionary Psychology

Chair: *Domagoj Švegar*

Investigation of evolutionary determinants of ethnic discrimination tendencies

Lana Pehar

Intelligence and fitness: mediating and moderating role of educational level

Janko Međedović, Mina Aleksić, Ana Stojković, Ivana Gojević

Psychological determinants of political involvement

Vladimir Mihić, Bojana Bodroža, Stefan Stojković

What does it take to get people to be politically active? An effect of system justification and socio-economic status on online and offline political activism

Bojana Bodroža, Stefan Stojković, Vladimir Mihić

Environmental and anthropometric predictors of sociosexuality

Tara Bulut, Janko Međedović

15:00-16:15

Room: 106

Personality and Individual Differences 1

Chair: *Jasna Hudek-Knežević*

The underlying cognitive constructs of dark personality traits: The Dark Triad and early maladaptive schema domains

András Láng

Ego Depletion in Children: How the repeated involvement in self-control may result in lower cognitive capabilities like attention, executive functions and persuasion

Balint Vargha, Enikő Csilla Kiss

The vulnerable side of the dark triad: A multiconceptual analysis

Szabolcs Bandi

Longitudinal stability of coping styles in adolescence

Nada Krapić, Jasna Hudek-Knežević, Igor Kardum

Dark Triad traits and assortative mating in mate retention: Variable- and couple-centered approach

Nermina Mehić, Igor Kardum, Jasna Hudek-Knežević, Mihaela Korman

16:30-17:45

Room: 106

Personality and Individual Differences 2

Chair: *Domagoj Švegar*

Cardiac patients' illness perceptions and its effect on subjective well-being and health behaviour change

Szidális Teleki, István Tiring, Enikő Csilla Kiss

Schizotypy as a core predictor of conservative ideology

Boban Petrović, Janko Međedović

Political leanings and language: Right wing authoritarianism and prejudice in everyday speech

Marija V. Čolić, Darko Stojilović, Ljiljana B. Lazarević, Goran Knežević

(A)moral foundations of social attitudes

Boban Petrović

A darker shade of love: Machiavellianism and relationship satisfaction in dating couples

Tamás Ináncsi, András Láng

15:00-16:15

Room: 107

**4th Experimental Psychology Days in Rijeka:
Sensation and perception 1**

Chair: *Dražen Domijan*

Effects of gravity principle on contrast-dependent speed

Marija Stefanović, Oliver Tošković

Lightness of an object that moves through different illumination levels

Predrag Nedimović, Sunčica Zdravković

What is the basis of the Müller-Lyer illusion?

Dejan Todorović

Does illusory motion attract attention?

Ian Thornton, Sunčica Zdravković

The rotated snow tire traffic sign illusion

Marin Dujmović, Pavle Valerjev, Tanja Gulan

16:30-17:45

Room: 107

**4th Experimental Psychology Days in Rijeka:
Sensation and Perception 2**

Chair: *Oliver Tošković*

Anisotropic Judas Mandala - perceived distance anisotropy in virtual reality

Oliver Tošković

Spatial coding of optical illusions: Do illusory magnitudes equate real magnitudes?

Valter Prpic, Mattia Sarcetta, Mauro Murgia, Zarina G. Chshieva, Alessandra Galmonte, Tiziano Agostini

Grouping stability and intentionality in direction of lightness induction

Tiziano Agostini, Alessandra Galmonte, Mauro Murgia, Ilaria Santoro, Fabrizio Sors, Valter Prpic

The phantom gradient: Phenomenology of an illusion

Alessandra Galmonte, Mauro Murgia, Ilaria Santoro, Fabrizio Sors, Valter Prpic, Tiziano Agostini

The effect of nontemporal stimulus magnitude on duration estimations for three types of visual stimuli

Mirna Gužvica, Dragutin Ivanec, Mirjana Tonković

17:45-19:15

First floor

Poster Session 2

2.1. Psychological aspects of suicidal ideas in adolescents

Nedim Prelić, Nera Kravić Prelić

2.2. Intimate partner violence and emotional difficulties

Arta Dodaj, Kristina Sesar

2.3. Is there a real correlation between depression and sociometric position?

Judit Szilagyi

2.4. Emotional intelligence of young basketball players

Annamaria Apro

2.5. Investigating the effects of fear on a special population - A pilot study

Andras Zsido, Laszlo Bernath, Anita Deak

2.6. Identity status and narrative construction

Bernadette Péley, Orsolya Vincze

2.7. Psychosocial rehabilitation in schizophrenia: A short term longitudinal study

Szilvia Endre, Enikő Csilla Kiss, Hilda Takács

2.8. Development and validation of the academic engagement scale

Ema Petričević, Tajana Ljubin-Golub, Daria Rovani

2.9. Social cognition and narrative construction. Effect of cognitive complexity on understanding of historical events

Orsolya Vincze, Dániel Jenei, Daniella Szél

2.10. Cognitive, emotional, and socio-cultural factors: influences on the academic achievement in second and fifth graders

Luciano Fanelli, Claudio Tonzar, Edoardo Virgili

2.11. The impact of gender-related traits on the adjustment to coronary heart disease

Tünde Nagy, Istvan Tiringner, Janos Kallai

2.12. Personality traits as predictors of consistency and situational variability in learning motivation

Amela Mujagić, Vesna Buško

2.13. Parental relationship adjustment and mood symptoms over 10 years

Maja Brandt, Kurt Hahlweg, Heather Foran

2.14. Psychopathy and reactions to distress: Can psychopathic traits be adaptive?

Anja Wertag, Katarina Sokić

2.15. Emotional climate in marriage - the differences between couples without children and couples with adult children

Jovana Jestrović, Ivana Mihić, Mila Radovanović

2.16. Academic motivation in high school students: The role of psychological needs and identity process

Tamara Martinac Dorčić, Ivanka Živčić-Bećirević, Sanja Smojver-Ažić, Gordana Ribić

2.17. The Latent Structure of Serbian Translation of Anxiety Change Expectancy Scale - Modified

Dragan Žuljević, Vesna Gavrilov-Jerković, Nikolija Rakočević, Ivan Jerković, Milica Lazić

2.18. The „Mere Proximity Effect” in the Context of Anti-Fat Prejudices among Children

Barbara Kalebić Maglica, Igor Kardum, Ana Čulić

2.19. What is really important in late adulthood? Investigation of influence of social support in relation between health and life satisfaction

Nikolija Rakočević, Vesna Gavrilov-Jerković, Dragan Žuljević, Ivan Jerković, Milica Lazić

2.20. Teachers' emotions and subjective well-being: The mediating role of emotional labor strategies

Irena Burić, Zvezdan Penezić, Ana Slišković, Ivana Macuka, Izabela Sorić

2.21. Family relationships and child physical health status 10 years later

Vivian Gunser, Heather Foran

2.22. How does resilience build positive expectations: The role of positive emotions in increasing optimism and self-efficacy

Milica Lazić, Veljko Jovanović, Dragan Zuljevic, Nikolija Rakočević, Marina Oros, Ivan Jerkovic

2.23. Attachment styles and narcissistic traits in relationships: What a difference they make?

Anja Wertag, Ivana Hanzec, Kristina Vujnović Malivuk

2.24. Optimization of mental health budget as a tool to contrast disease chronicity and facilitate patients' integration, social inclusion and return to work: Preliminary findings

Renata Martinčić, Lisa Di Blas, Giovanna Maria Pelamatti, Barbara Penolazzi, Marta Mariani

20:00 Conference Dinner

Akvarij

Saturday, October 1st

9:00-10:00

Room: 006

Invited Speech

4th Experimental Psychology Days in Rijeka:

Deductive Reasoning: Why People Are Not Always Logical

Pavle Valerjev

Chair: Igor Bajšanski

10:15-11:15

Room: 106

Social Psychology

Chair: Barbara Kalebić Maglica

Comparing religious beliefs across the three monotheistic religions

Lisa Awenius, Rainer W. Alexandrowicz

When stereotype threat makes me more or less intelligent? Evidence for the informative role of fear in effort mobilization

Selma Korlat, Saša Drače

Effects of personal and social uncertainty on conspiracy theories beliefs

Katarina Rančić, Marija V. Stefanović, Barbara Blažanin, Biljana Davidović, Iris Žeželj

Lay definitions of happiness in Croatia

Ingrid Brdar, Petra Anić, Marko Tončić

10:15-11:15

Room: 107

Art and Aesthetics

Chair: Slobodan Marković

Attractiveness of male and female body: Preference for average or preference for supernormal?

Slobodan Marković, Tara Bulut, Katarina Rančić, Tijana Nikitović, Dunja Paunović, Sonja Janičić

Could music be figurative? The perfect match between music and visual arts is based on an a-priori categorization

Rossana Actis-Grosso, Alessandro Zani, Olga Daneyko, Daniele Zavagno

Subjective experience of poetry: Non-expert ratings of poems on expert selected adjectives

Dušan Vejnović, Filip Nenadić

Spin a yarn in the city: Textile street art from a jungian approach

Hilda Takács, Enikő Csilla Kiss, Szilvia Endre

11:20-12:50

Room: 106

Educational Psychology

Chair: Tamara Mohorić

Unto the third generation: Evidence for strong familial aggregation of physicians, psychologists, and psychotherapists among first-year medical and psychology students in a nationwide Austrian cohort census

Martin E. Voracek, Ulrich S. Tran, Nina Berger, Martin E. Arendasy, Tobias Greitemeyer, Monika Himmelbauer, Florian Hutzler, Hans-Georg Kraft, Karl Öttl, Ilona Papousek, Oliver Vitouch

The functional profile related differences in the homework activities participation in schoolchildren with cerebral palsy

Milena Miličević, Goran Nedović

Variability of results and prevalence of low scores on the WISC-IV-HR in normative Croatian sample

Valentina Ružić, Krunoslav Matešić ml., Antonia Štefanec

Psychosocial predictors of students' academic, social and emotional adjustment at the beginning of secondary school

Ivana Hanzec, Mirela Kovačević, Andreja Brajša-Žganec

The care of gifted and talented pupils in elementary school in order to well-being

Anela Nikčević-Milković, Maja Rukavina, Ana Jerković

Impact of irrational beliefs on self-esteem in students

Gordana Calić, Tatjana Mentus

11:20-13:20

Room: 107

4th Experimental Psychology Days in Rijeka:

Cognitive Psychology

Chair: Łukasz Tanaś

Proactive monitoring of regular sequences: an EEG time-frequency study

Valerio Villani, Ettore Ambrosini, Antonino Vallesi

Contraries stimulate insight in spatial problem solving

Erika Branchini, Ivana Bianchi, Roberto Burro, Elena Capitani, Ugo Savardi

Deep structure of risky-choice framing tasks

Kaja Damnjanović, Predrag Teovanović

The impact of Air Traffic Control training on cognitive control strategies

Sandra Arbula, Mariagrazia Capizzi, Antonino Vallesi

Skill acquisition in complex skill: Environment effects

Nemanja Vaci, Merim Bilalić

Perceived task difficulty in mental set problems

Snježana Grgić, Valnea Žauhar, Igor Bajšanski

Inhibition of content in syllogistic reasoning

Mina Jevtović, Kaja Damnjanović

Autism as a connectivity problem. Categorization is a good candidate to understand more about autism

Orsolya Pachner, György Révész

13:30-14:30

Room: 006

Invited Speech Social Comparisons

- How other people influence who we are and what we want

Katja Corcoran

Chair: Dražen Domijan

14:30 Closing Ceremony
